

# BLOCK ART

## MATERIALS:

**Thick paper or cardboard**

**Paint**

**Different shape and size blocks**

*(plastic is best so paint can be washed off of them).*

Put dollops of paint on a baking tray.

Tip: Use primary colors to add a color exploration to this activity.

Dip the blocks and other building materials in the paint and then press them onto your paper or cardboard.

Continue doing this until you are happy with your creation! Tip: Have a way to wipe or wash the paint off of the blocks if you don't want the colors to mix.
